et al

To the Honorable the judge of the

and Eliza Cowan his wife Charlotte Cowan
Eliza Cowan Riein Cowan Mary Cowan
who are all adults and of Robert Cowan
Abner Cowan Simon Cowan Amanda Cowan
Cornelia Cowan Silas Cowan Joshua Cowan
and Franklin Cowan children of Frank and
Sarah Cowan Fashonish Cowan Hannah Cowan
James Cowan Martha Ann Cowan Jerry
Cowan and William Cowan children of
Andy & Eliza Cowan and Richard Cowan
and Mariah Cowan children of Eliza Cowan
Henry Cowan George Cowan Augustus Cowan
and Sarah Jane Cowan children of Mary
Cowan all of which children being minors
under the age of twenty one years of age
and who herein answer by their next friend
Frank Cowan to the Petition of J. B. Stamps
Executor of the last will and testament of
Abner B. Cowan died filed in this Court
Court on the day of 1868.

And the said defendants by leave of Court per
answer to said petition say that they admit
the death of the said Abner B. Cowan and
that he departed this life about the day

of April 1864 at or near Olive Branch
in the Eastern part of the County of DeSoto
in the State of Mississippi, that prior to his
death in the said place made and duly
published his last will and testament a
correct copy of which respondents herein
is made exhibit to the said petition, they
further show that the said last will and
testament was on or about the 19th day of
October 1864 duly probated and admitted
to record in the said Court that in and by
said will the said testator appointed Bannet
Goshan and J. D. Williams of Memphis
Tenn and the said J. B. Stamps his
executors of his said will, that subsequently
and after the death of the said Goshan the
said Stamps proponed the said will to
this Hon Court about the day of 18 for
probate & record which was then for some
reason unknown to your respondents refused
and thereupon the said Stamps applied
for letters of administration upon the estate
of the said Goshan died as an intestacy
which was granted to him and there after
the said Stamps took charge of said estate
and proceeded to administer the same
until the said 19 October 1864 when
your Respondents again by their attorney
proposed the said last will & testament

for probat. and record at which time
the same was duly probated and admitted
to record in this Hon Court and it then
being made to appear by proofs that the said
Barnabas Graham had departed this life
and that the said J D Williams had in
converting renounced his right and privilege
to qualify as executor and thereupon
he the said J D Williams alone qualified
as the Executor of said will in which
said office and trust he has ever since
remained, and Respondents would
hereby leave to have reference to the
said will and the proceedings of this
Hon Court thereabout as if the same were
made an exhibit hereto, and respondents
further show that in and by the said last will
which is dated 12th February 1850 the said
testator declared that it was his will and
desire that every of his negro Slaves male
and female with their increases should be
sent to Africa there to become and remain
a free people, that at that date the said
Slaves numbered Sixteen but in the same
place the testator declared that it was
his intention to embrace all such negro
Slaves as he might own at the time of his
death, and your respondents show that
they together with Charles Cowan, and

been born a child of respondent Frank both of whom have died since the death of the said testator and now the several persons named designated and appointed in and by the said will as the negro slaves male & female of him the said testator and who by a subsequent clause in said will hereafter to be mentioned were to become his sole and only legatees and distributees. Your respondents further show that in and by the 4th clause of the said will the said testator declared that he gave & bequeathed such residuary part of his estate as might remain after the payment of all his just debts and necessary expenses of administration to and for the use and benefit of your respondents to be equally divided among them after their removal out of this State and their manumission in foreign parts by another clause in said will said testator directed his said executor to collect all that was due to his said estate and to sell all the property real and personal and after paying his debts and the expenses of the administration that the residue should be paid over to your respondents - and your respondents now show that in and by said will it was the manifest intention and prevailing desire

of the testator that your respondents who
had faithfully served him during his life
time as his Slave and who had contributed
to his comfort ease and happiness Should
at his death become free from further
bondage and be the recipients ^{of his} bounty and
favour and that they Should enjoy after
his death the bounty thus bestowed upon them
by his said will as soon as they can get
So to do as free persons capable of inheri-
ting the same - And your respondents
further show that in and by the proclamation
of the President of the United States duly made
on the 1st January 1863 all persons held
as slaves within certain designated
States then in rebellion Should therefore
and be and become free persons and
that in said proclamation the State of Mississ-
ipi was designated as one of such said
States then in rebellion that notwithstanding
the said proclamation and their right
thereby to be free and the further fact that
they were then within the lines of the United
States Army who were ordered to support
and maintain the freedom of all slaves
And your respondents adhearing to their
ancient duty and love for the said testator
who had ever been kind and considerate
toward them they remain with him -

laboring for him and sustaining him in all his orders and directions as dutifully as at any time during their bondage and so continued until the period of the death of their said master in April 1864 and that they have remained upon the homestead plantation of said master doing the best they could under the direction of the said Stamps and other friends of the said Cowan and to the present time. That on or about the day of

18 The Congress of the United States passed an act commonly known as the civil rights bill, when it was declared that all persons thereafter held to service and labor as Slaves should be fully confirmed in their freedom, and should become citizens of the United States (if born therein, and gain their freedom before they and each of them are known to be born in the United States) and that they should be capable of buying selling holding having and inheriting property as other citizens of the United States might or could do.

They further show that in and by the constitution of the State of Mississippi by the people of said State in convention assembled in or about the month of August 1865-

it was declared as the organic law that
 Slavery having been destroyed in Said
 State should not thereafter exist and
 requiring the Legislature of said State
 at its next sitting thereafter to provide
 by law for the protection and security of
 the person and property of the freedmen
 of the State - and that by the act of the
 Legislature of said State of Mississippi of
 25 November 1865 and that of 21st February
 1867 in amendment therof passed in
 pursuance of the said constitutional
 provisions gave to your respondents and
 other freedmen the same right to acquire
 receive hold and inherit real and
 personal estate as was enjoyed by other
 citizens of the said State;

They further show that in and by the said
 Proclamation of the President of the United
 States and the acts of Congress, the consti-
 tution of the State of Mississippi and the
 laws thereof passed in pursuance thereto
 and by the force of other acts of law of the United
 States and the State of Mississippi to which
 they pray leave to refer to their respondents
 were made citizens of the United States
 of the State of Mississippi and entitled to
 all the lawful rights of such citizens to
 take hold inherit and hold any and all

estate that may bequeathed to them and that
they are advised that they have the right
now as such freedmen and citizens of the
State of Mississippi to inherit and take the
estate so bequeathed to them by the said Testator
A. B. Lewis freed from any and all conditions
of departing from the State of Mississippi
and residing in the said continent of Africa
that this provision was not intended in the
said will as a condition precedent to the
taking of the said estate under said will
but as a means of more surely carrying out
the testator's most humane intention of
granting them the respondents their
freedom and providing a competency for
them, they show now that the intention of
the testator may be fully carried out without
this requirement which by the laws aforesaid
has become unnecessary and perhaps they
show and state that they do not desire the
said lands and other property to be sold
by the Executor beyond what is necessary to
pay the just debts of the said testator &
the expenses of the administration and
that they have been informed and believe
and charge the truth to be that the said
Executor has now paid off all the said
debts and has a surplus of funds of said
estate in his hands and that said

Administration having been granted
to the said Stamps more than one year
since their own entitled to have as they are
advised, the said estate distributed to them
they being the sole and only legatees and
distributors thereof they state that it is
not their intent or desire that the same
should be sold either for the purpose division
among themselves or for any other purpose,
but that it is their desire and their intent
that the whole residue of said estate after
paying off all the debts should be distr-
ibuted and delivered over to them as tenan-
ts in common. Wherefore they pray the
Premises considered that this answer may
be taken and considered as a Corp Bizi
to the said petition of the said Executer
of B. Stamps, and that under the proper
powers of this Hon Court he may be again
to answer the same, that his said petiti-
on to sell the said estate may be disallowed
and dismissed upon final hearing, and
that your Honor will upon the due pres-
entation of said last will and testamant
the condition of said estate order an
order the said Executer to make his
final account at a day to be fixed,
that in the mean time order that the
lands mentioned in the said petition

shall be surrendered to your Honor's
by him upon the execution of such bond
and with such penalties and conditions &
refund any and all sums as may be required
to pay the just debts of said estate if any
remaining unpaid as your Honor shall
think fit and proper which they now have
lender in manner and form as this Hon^r
Court shall direct if it shall be ascertained
by the answer of said Exr of A.B. Stamps that
there yet remain any debts due by said
estate and may it please your Honor to
require the said Executrix to set forth what
other lands or any interest therein the said
A. B. Cavan held at the time of his death
and what disposition thereof of any has been
made by him since that time setting forth
the same by particular description.

And may it please your Honor to grant
them all proper process and orders and all
other and general relief which they may
show themselves equitably entitled to

a witness the heirs of A B Cowan \circlearrowright witness for the
respondents being duly sworn according
to law States as follows. I was acquainted
with A B Cowan the testator he died the
20 of April 1864. At that time I was
residing at Hernando. At that date the
Confederate States Government was exercising
Civil jurisdiction throughout the County of
DeSoto. I was acting either as Clerk or
Deputy Clerk of the Probate Court at that
time, we held a Probate Court in Hernando
the County Seat of this County on the third

March 2^d of March 1864 under the Confederate States Government, we had our usual office of Sheriff Tax collector justices of the Peace under the Confederate States Government. There was no officer in the County who pretended to exercise the functions of officer or Government except those who held office under the Confederate States authority and the authority of the State of Mississippi up to that time and until long after, there had been no change in the Government after the State of Mississippi passed the acts of Secession.

Cross examination

There was no civil Federal jurisdiction in the County. Sometimes the Federal Military would make raids through the County remaining a short time. I don't remember when the two contending Armies had their lines. The Federal authority had possession of Memphis and Grenada and the Railroad in Tennessee. And I understood that their line I mean the Federal lines was the Memphis and Charleston Railroad. I understood that party had to get passes to pass north of said lines from the United States

military I mean north of Memphis
and Chattanooga Railroad, if a party
was back of said line or in Memphis or
Chattanooga they had to get a pass from
the Federal military to come south.
The Records of Probate Court was scattered
some at F 13 Jones and Sam & Dockings
about eight miles west, they were put there
for preservation from the depredations of
the Federal Soldary. The Probate Court
was also held at Hernando at the April
Term 1864 and the Court was held regular-
ly at the County Seat being Hernando
until August 1864 The Records during this
time I mean Final Records and the
Records of Deeds still remained at
Jones & Dockings all the records we-
needed were here I mean such as were
necessary for the business of the court
were here. There was times when the Sheriff
and Tax Collector were afraid to go to
the neighbourhood of Covans and they
generally avoided going there owing
to Federal raids at other times they
could go with safety & used to go
about that date in the neighbourhood
during the period I speak of the Confed-
erate Soldiers were here frequently,
sometimes one would go out and the

other would be just behind them
coming in. The negroes were owned
and continued as Slaves there during
that period Sam would run away
and go into the Federal lines.

In this cause
is admitted by both parties that the follow-
ing state of facts are true. After Cowan
the Postmaster died in April 25 1864 in
Deshler County Miss. Some 8 miles from
Germantown Penn a point on the Man-
and Charleston Railroad held at that
time and for a long time previously by
the Federal forces. That the Confederate
lines were at Old water River some 1:
20 miles further South. That every day
two armed bodies of Cavalry Scouting
out from Germantown as far as Cowan
residence Scouting that neighbourhood
and that this state of things continued
from a period many months previous
Cowan death till the final Surrender
of the Confederate forces. It is also further
agreed that parties of Confederate Soldier
